- Washtenaw County: call Washtenaw County Community Mental Health at **734-544-3050**.

This guide is intended for informational purposes only and should not be used in place of a consultation with a healthcare professional. The guide is an example of services provided at the listed care types, but is not an all-inclusive list of conditions that may be treated there. The individual in need of medical care is expected to use his or her judgment in selecting the appropriate ProMedica services or calling 911 and the selection may be inconsistent with the guide depending on the location of the individual at the time of the need for services as well as the severity of the condition. ProMedica is not responsible for errors, omissions or inconsistencies with respect to the information herein and is not liable in any way for interpretations of this information by the reader or any consequences thereof.
